

## Empty Room Blues

Memphis Slim

My room was empty, and my woman was gone  
My room was empty, and my woman was gone  
I didn't have a nickel, and all my clothes in pawn  
I asked my next door neighbor, which-a-way did my baby go?  
Asked my next door neighbor, which-a-way did my baby go?  
She says she left for the border, down in old Mexico  
I found a note on the floor, it almost sent me off in a trance  
  
I found a note on the floor, it almost sent me off in a trance  
  
She said it's nothin' that you done, I'm just leavin' in advance  
Yes, yes, yes  
It's so hard when a woman leave you, and she leave you on a zoom  
It's so hard when a woman leave you, and leave you on a zoom  
You come home feelin' very happy, and find only a empty room
