

# Christina's World

## Men Without Hats

Into your world  
Little rain will fall  
And have you heard  
Happens to us all  
And you can dream you were  
In Christina's world

Into your heart  
A little sun will shine  
And if you want  
Happens all the time  
And you can dream you were  
In Christina's world  
And you can dream you were  
In Christina's world  
And you can dream you were  
In Christina's world  
And you can dream you were  
In Christina's world

Some kind of wonderful  
Turn me on, beautiful  
Down by the waterfall  
Good things about to come

Down by the river base  
Sweet dreams, staircase  
Down by the waterfall  
Good things about to come

And you can dream you were  
In Christina's world  
You can dream you were  
In Christina's world  
You can dream you were  
In Christina's world  
And you can dream you were  
In Christina's world

You can dream you were  
In Christina's world  
You can dream  
In Christina's world  
In Christina's world  
In Christina's world  
In Christina's world  
In Christina's world
