Men Without Hats

Hey, somebody told me, to live is a lie But I know, better got a woman inside Tells me things that I should understand 'Cause I know better, even though I'm a man

So many things go in so many ways

Every single moment like a judgment day

Thank goodness, things are gettin' better for sure

I got the message, love is the cure, ooh yeah

Now I ain't stupid but I can't understand Why so many things are gettin' so out of hand? Think we should wonder, what the problem could be? All the world over sing, "I wanna be free"

Don't really matter what you think of me now 'Cause I got the message, the message is wow Got everything, got nothing to hide

I got, 1, what? I got a woman inside, ooh yeah

I said, "Hey men, quit knocking your children 'round"
I say, "Hey, hey men, quit mowin' your women down"
'Cause it's all in the way that you look at who you are
So hey, hey men, quit looking so far, ooh yeah

Land of the free is a poor alibi
I learned my lesson when I learned how to fly
Sound's so silly but I think it's the truth
I got the message, the message is you

Somebody told me that we live in a dream Sound's like something that you hear on T.V. Got everything, even though I'm a guy Feels so good, I got a woman inside, ooh yeah

I said, "Hey men, quit pushin' your women 'round"
I say, "Hey, hey men, quit knockin' your children down"
'Cause it's all in the things that you do with what you are
So, hey, hey men, whatcha been doing so far?

I said, "Hey men, quit knocking your children 'round"
I say, "Hey, hey men, quit mowin' your women down?
'Cause it's all in the way that you look at who you are
So hey, hey men, quit looking so far
