

How Does It Feel

Men Without Hats

How does it feel
To feel no arms surround you?
How does it feel
To sleep out in the rain?
Doesn't seem real
Keep your wits about you
When it seems that things around you
Make you doubt you'll see the rain again

How does it feel
To live your life in danger?
How does it feel
To lose your only friend?
Doesn't seem real
Peace and love are strangers
And it seems that even angels
Doubt you'll never be the same again

How does it feel?
How does it feel?
How does it feel
When everything around you
Makes you doubt you'll ever see the rain again?

Never see the rain again
Never be the same again
Never see the rain again
Never be the same

How does it feel
To feel no love inside you?
How does it feel
To live life on the run?
Doesn't seem real
Your hopes and dreams will guide you
Seems like everyone besides you
Thinks you'll never be the same again

How does it feel
To feel no arms around you?
How does it feel
To sleep out in the rain?
Doesn't seem real
How you keep your wits about you
Now, when everything around you
Makes you doubt you'll see the rain again

How does it feel?
How does it feel?
How does it feel
When everything around you
Makes you doubt you'll see the rain again
