Men Without Hats

I got rings wrapped around my brain
I got a t-shirt says free crack cocaine
I got life
In the corner pocket again
I got a virgin mary she's ten feet tall
And she lives at the end of a long green hall
Doesn't wanna go to heaven
'cause that's where her daddy was sent

I've had a jesus christ on the bathroom wall
With dayglo worms crawling up his balls
Past two real different pictures of my head
Somethings go right somethings go wrong
You couldn't tell to the words this song that i
Never wanna talk it again

Now I'm lookin' for a boozecan, talk about love
I'm lookin' for a groove thang, take me on above
I'm lookin' for a good thing
Talk about
Love, love, love in the palm of your hand

Sometimes you wonder what friends are for
I got three of 'em sleeping on my kitchen floor
And when they wake up I know they're gonna be
Hot chicken again
'cause me and jimmy we were out all nite
A lookin' for a something that we could not find
But that doesn't mean I never wanna see you again

Now I'm lookin' for a boozecan, talk about love
I'm lookin' for a groove thang, take me on above
I'm lookin' for a good thing
Talk about
Love, love, love in the palm of your
Hand me a love that you thought was fantastic
Yea don't give me kenbarbielove

Oh well the way that I was raised to be was
Love yourself and your family
And don't go smoking lsd with your friends
And the days they come and the days they go
It doesn't really matter no 'cause i
Never wanna talk it again

Now I'm lookin' for a boozecan, talk about love
I'm lookin' for a groove thang, take me on above
I'm lookin' for a good thing
Talk about
Love, love, love in the palm of your
Hand me a love that you thought wasn't plastique
Yea don't give me kenbarbielove
