

## Roses

### Men Without Hats

When my time is done  
Cover me in roses  
When my time is up  
Cover me in roses  
Cover me

And when you cover me in roses  
Just remember you're having fun  
And some will say it's superstitious  
You can tell them it's only love

All the people stared in wonder  
As the rings began  
Tell them it's only love

When my time is up  
Cover me in roses  
When my time is done  
Cover me in roses  
Me

After you cover me in roses  
Dream me upwards into the sun  
And some will say it's superficial  
But we both know it's quite enough

All the people stared in wonder  
As the rings began  
Tell them it's only love

And as the story goes so often  
It will lead nowhere  
Just tell them it's only love

When my time is done  
Cover me in roses  
When my time is up  
Cover me in roses  
Cover me
