

# Chapel Perilous

Mendeed

Scarred, emotion infiltrates my soul  
Suffer, the hierarchy takes control  
Insane, no matter where you run, you die  
Breaking the chain

In your eyes I see a void  
Pain, the depths of terror spent  
Haste, your friend when no one cares  
A wraith of evanescent hope

In your eyes I see a void  
Pain, the depths of terror spent  
Take this chance to fight or die  
I can taste your fucking lies

Scarred, emotion infiltrates my soul  
Suffer, the hierarchy takes control  
Insane, no matter where you run, you die  
Breaking the chain

Scream, bleed, dream, fail  
Scream, bleed, scream

Free from torture, recite the pain  
Did you like it? Are you proud?

It wasn't what you thought it was gonna be  
It wasn't what you thought it was gonna be  
It wasn't what you thought it was gonna be  
It wasn't what you thought it was gonna be

Scream, bleed, dream, fail

Scarred, emotion infiltrates my soul  
Suffer, the hierarchy takes control  
Insane, no matter where you run, you die  
Breaking the chain

Scarred, emotion infiltrates my soul  
Suffer, the hierarchy takes control  
Insane, no matter where you run, you die  
Breaking the chain

Scream, bleed, dream, fail  
Scream, bleed, dream, fail  
Scream, bleed, dream, fail
