

Bus Ride

Mental As Anything

I had a meeting at the junction
But my car wouldn't function
Didn't have enough for the cab
Say wouldn't it be fab
To take a bus ride...bus ride
The bus stop was down the road
And as I left my abode
I looked out upon the sea
Oh lucky me
To take a bus ride...bus ride
I climbed aboard and took a seat
Satisfied that I would meet
So many people there
And every single one was rare
On my bus ride...bus ride
