

# Black and Hollow

## Mercenary

I saw you laughing  
Saw your tears decay  
I heard you speak to me  
Washed my smile away

We're failing  
It's failing  
These twisted thoughts inside of me  
They are failing

I can feel this tragedy  
Pure and simple tragedy

Grey!

So break my twisted world  
It is the only way  
And take these chains of gold  
And let me die this way  
Please believe me  
I lost my soul today  
My friend it's ending now  
There's nothing left to say

I can feel this tragedy  
Pure and simple tragedy

We're failing  
It's failing  
These twisted thoughts inside of me  
They are failing

I saw you laughing  
Saw your tears decay  
I heard you speak to me  
Washed my smile away

I can feel this tragedy  
Pure and simple tragedy
