

Blue And Black

Mercury Rev

I see blue
I see black
I see you
In a crack
I see snow I see cold I see someone
Getting old
and it's cold outside
So cold outside
I need pink
I need green
I need someone
Who sews up seams [Whose soul's obscene?]*
I need everything
But it's cold outside
So cold outside
I see all the colors of the spring
I see you wearing my ring
And it's warmer outside
It's so much warmer outside
and it's warmer
Still you're there
I see you
In a crack
Crack...
Crack...
I will crack
