No, I won't chicken out Hey, wait, babe Wait up now Hey babe, wait up now If we could find a space

Where we could both stretch out Roll like Coney island cyclones No, I won't chicken out No, I won't chicken out

No doubt babe No doubt now No doubt babe No doubt now

I spend all day
On your mom's couch
Spend all night
And I won't chicken out

No, I won't chicken out Let's go out tonight Find a sunny space Picking up the skylab

Throw it back in space
No, I won't chicken out (I'm not messing with you)
