

Sweet Oddysee Of A Cancer Cell T' Th' Center Of Yer Heart

Mercury Rev

Onto the ice flow
Where all the Where heaven put the seeds

Here on the ice flow
A tresure dust of grass
My drove them engines
For
Onto the ice flow
Where the wind starts to move
And the earth will have a flood

Here on the ice flow
Where skulls go as long
Girls never sleep
Girls will die
And skin is froze body
