Leave My Soul Alone

Mercyful Fate

```
Oh, yeah oh yeah
Now hear my song
Sirens calling, people leaving the streets
The cops are coming, I don't know what I did
Why don't you get away, leaving my soul alone. Maybe another da
y, you get a
reason too [X2]
Oh, yeah oh yeah
I'm running free, they won't get me alive
No one can see, I did it to survive
Why don't you get away, leaving my soul alone. Maybe another da
y you get a
reason too [X2]
Oh yeah oh yeah
This is what I did
I killed a friend, for making love to my girl
This is the end, a bullet from my gun
Why don't you get away leaving my soul alone. Maybe another day
 you get a
reason too [X2]
I can't belong
Kill
