

# Return of the Vampire

Mercyful Fate

A suicide, the birth of a Vampire  
Deep in his lair, gasping for air

Spreaded wings  
Fly out at sunset  
So high above, back before dawn

Return of the Vampire  
Leaving his lair  
He\'s out for blood and it\'s yours he will share  
Return of the Vampire  
Leaving his lair  
He\'s out for blood and it\'s yours he will share

There\'s only one way you can stop him  
You gotta trace the Vampire to his lair, oh yeah  
And then you gotta drive a stake  
Right through the heart of the living dead, the dead

Oh I can feel something is wrong

Vampire, My shadow is gone  
Vampire, I know what you\'ve done  
Vampire, My shadow is gone  
Vampire, I know what you\'ve done
