

## All Because Of This

MercyMe

Why do we do the things we do  
How can we sing when there seems no reason to  
How do we smile when there's not much to smile about  
When the world is down who are we to stand and shout  
They wonder why we do the things we do

It's all because of this  
It's all because of this  
We've tasted love, tasted hope, tasted holiness

And they wonder why, we do the things we do
