

All Right

MercyMe

If you had a dime for every time it rained on this parade you're
marching in called life You'd
start to wonder if someone out there's got your number well, hold
your head up, breath in deep,
remember.

ooh ooh you know it's gonna be alright ooh ooh you know it's gonna
be alright.

We're gonna have those days when it all comes crashing in wondering
if the sun will ever shine
before you go and convince yourself you cannot make it hold your
head up, breath in deep,
remember.

ooh ooh you know it's gonna be alright ooh ooh you know it's gonna
be alright there's a love
much stronger than everything that holds you down right now say
in' ooh ooh you know it's gonna
be alright.

So next time when you tell yourself this isn't worth it hold your
head up breathe in deep
remember.

Count it pure joy when the world come crashin' hold your head up
and keep on dancin'
