

# Back To You

MercyMe

Nobody said it would be easy  
Nobody said that life's a breeze  
Tossin' and turnin', oh the wind keeps churnin'  
Like I'm a little toy boat out on the sea

If I'm down don't count me out  
I'll slowly get back on my feet  
Stumblin' and fumblin', but I keep on coming  
Just as long as you're not giving up on me

When I trip, I fall and slow down to a crawl  
And feel like I've got nothing left to lose  
I may slip, slide, and watch our worlds collide  
But I will  
Hit the ground running back to you

There are days my head is spinning  
Wishing I could hit the switch and end this ride  
If it came to a stop and someone let me off I know  
I would just get right back in line

When I trip, I fall and slow down to a crawl  
And feel like I've got nothing left to lose  
I may slip, slide, and watch our worlds collide  
But I will  
Hit the ground running back to you

What kind of love would say  
I love you anyway  
Oh, time and time again

When I trip, I fall and slow down to a crawl  
And feel like I've got nothing left to lose  
I may slip, slide, and watch our worlds collide  
But I will  
Hit the ground running back to you  
I will  
Hit the ground running back to you

I may slip, slide and watch our worlds collide  
But I will, yes I will  
Hit the ground running back to you  
I hit the ground running back to you

I hit the ground, crashing down, rolling round  
But I rebound, I get back up and I'll be found  
Running, running back to you

I'm running back to you  
Back to you  
Back to you  
Back to you  
Running back to you
