

## Bless Me Indeed

MercyMe

My Jesus, I need you now  
May your grace look my way  
To hear you sing over me  
Make your desires and mine the same

Bless me indeed  
Open wide my horizons to share your name  
Bless me indeed  
Let your hand keep me  
from harm and pain  
Bless me  
Bless me

Lord I cling to your heart  
Your love is what I need  
All great things come from you  
May your greatness fall on me

The Lord bless and keep you  
May his face shine upon you  
And be gracious and  
give you peace

Bless me
