Bless Me Indeed

MercyMe

My Jesus, I need you now
May your grace look my way
To hear you sing over me
Make your desires and mine the same

Bless me indeed
Open wide my horizons to share your name
Bless me indeed
Let your hand keep me
from harm and pain
Bless me
Bless me

Lord I cling to your heart Your love is what I need All great things come from you May your greatness fall on me

The Lord bless and keep you May his face shine upon you And be gracious and give you peace

Bless me
