I Would Die For You

MercyMe

And I know that I can find You here 'Cause You promised me You'll always be there Times like these, it's hard to see But somehow I have a peace, You're near And I pray that You will use my life In whatever way Your name is glorified Even if surrendering Means leaving everything behind

My life has never been this clear Now I know the reason why I'm here You never know why You're alive Until you know what you would die for I would die for You

And I know I don't have much to give But I promise You I will give You all there is Can I possibly do less When through Your own death I live?

No greater love is found Than of those who lay their own lives down As sure as I live and breathe Now I know what it means to be free
