Take The Time

MercyMe

You can turn around and walk away
Tell yourself there's nothing here to see
Try so hard to look the other way
As if you haven't noticed anything

You do it to the least of these
You do it to me
You gotta take the time
You gotta take the time

Shallow is the voice of no concern
Running through the bridges that we've burned
You can't even feel your own demise
So how can you pretend to lead the blind

I'm the hungry and the weak
Can you even see me
I'm the stranger all alone
Won't you welcome me home
I'm the naked and ashamed
Won't you look my way

You gotta take the time
You gotta take the time
You gotta take, take, take, take the time
You gotta take, take, take, take the time
You gotta take, take, take, take the time
You gotta take, take, take, take the time
You gotta take, take, take, take the time
You gotta take, take, take, take the time
You gotta take, take, take, take the time
You take the time
