

We Win

MercyMe

I don't, have to know you, just to know you
Have been lied to at some point or place
Well, I can relate
And you're wondering, if it's worth it
Heartbroken, feeling worthless
Oh the hurt is too great
Like a punch in the face

But don't forget
We've got something else in common
Bigger than all our pain and all our problems

This goes out to anyone down for the count
It's not over
Don't give up, don't throw in the towel
Just remember, who you belong to
Let Me remind you
How this ends
We win
Woah, we win

We get pushed down, we get beat up
So afraid life's gonna keep us
Up against the ropes
But hang on there's hope
'Cause if Christ is inside us it won't be a fair fight
'Cause Deep down we know
How the story goes

This goes out to anyone down for the count
It's not over
Don't give up, don't throw in the towel
Just remember, who you belong to
Let Me remind you
How this ends
We win
Woah, we win
We win
Woah, we win

Ain't no stopping us
He's not done with us
We are more
More than conquerors
Ain't no stopping us
He's not done with us
We, are
More than conquerors!

Just remember, who you belong to
Let Me remind you
How this ends
We win
Woah, we win
We win
Woah, we win

Ain't no stopping us
He's not done with us
We are more
More than conquerors
Ain't no stopping us
He's not done with us
We, are
More than conquerors!

Ain't no stopping us
He's not done with us
We are more
More than conquerors
Ain't no stopping us
He's not done with us
We, are
More than conquerors!
