

# Where You Lead Me

MercyMe

What is life?  
A thousand roads, a thousand ways  
Why am I so afraid to move  
I crossed the line  
I'm stepping out so come what may  
I give it all cause I'm drawn to You

As long as my heart is beating...  
Where You lead me I will follow  
Where You lead me I give my life away  
Where You lead me I will follow  
Forever and a day  
Forever and a day

I can't deny Your very presence is my life  
And why would I ever turn away  
Cause deep inside I know that I cannot rely  
On anything less than faith

As long as my heart is beating...  
Where You lead me I will follow  
Where You lead me I give my life away  
Where You lead me I will follow  
Forever and a day

This is all I'm dreaming of  
To live completely in Your love

So this is life

Where You lead me I give my life away  
Where You lead me I will follow  
Forever and a day

Where You lead me I will follow  
Where You lead me I give my life away  
Where You lead me I will follow  
Forever and a day  
Forever and a day
