

## Your Kingdom Come

MercyMe

We long to sit at your feet  
We long to see your face  
We long to smell the rain of your anointing  
We long to be in You

Hear our hearts oh hear our voice  
To you oh God we will rejoice  
We are your bride and we wear your ring  
Until your return we will sing  
That we long to see You

How much longer shall we wait  
Till we finally see the sun  
Break through the eastern gate  
Let your kingdom come  
Hallelujah to the Lamb
