

# Can Anybody Hear Me

Meredith Andrews

I'm staring at these empty walls  
Wondering when You'll visit me again  
When will You come?

If there is anything at all  
Coming in between our love  
Please show me, 'cause I am barely hanging on

Can anybody hear me?  
The silence is deafening  
Why do You feel so far away?

When I know You're here with me  
But I just need the faith to see  
Nothing can separate me from Your love  
From Your love

Believing what I can't see  
Has never come naturally to me  
And I've got questions

But I am certain of a love  
Strong enough to hold me when I'm doubting  
You'll never let go of my hand

Can anybody hear me?  
The silence is deafening  
Why do You feel so far away?

When I know You're here with me  
But I just need the faith to see  
Nothing can separate me from Your love  
From Your love

I will trust in You  
Even in the moments I can't find you  
And I will hold onto your promises of love  
You've never failed before

I know You can hear me  
When the silence is deafening  
Even though You seem far away

And I know You're here with me  
But I just need the faith to see  
Nothing can separate me from Your love

Can anybody hear me?  
The silence is deafening  
Why do You feel so far away?

When I know You're here with me  
But I just need the faith to see  
Nothing can separate me from Your love  
From Your love
