

Show Me What It Means

Meredith Andrews

You don't want my perfection
All You ask of me
Is that I show up broken at Your feet
You don't want my religion
You are looking for devotion
That is more than just routine
So show me what it means
To take up my cross
And count it all as lost
All for the sake
Of knowing You
To love my enemies
And care for those in need
Show me what it means
To follow You
Have I become like the Pharisee?
Passing by the needy
While I'm speaking Jesus on my lips
Will I walk with You on raging seas?
Or will I turn away
When You want more than what I want to give
So show me what it means
What it means
To take up my cross
And count it all as lost
All for the sake
Of knowing You
To love my enemies
And care for those in need
Show me what it means
To follow You
To love as You love
And live as You lived
To never give up
On giving You my life
To love as You love
And live as You lived
To find out what it means
To be alive
To be alive
To take up my cross
And count it all as lost
All for the sake
Of knowing You
To love my enemies
And care for those in need
Show me what it means
To follow You
To take up my cross
And count it all as lost
All for the sake
Of knowing You
To love my enemies
And care for those in need
Show me what it means
To follow You
