

# Where Lovers Meet

Meredith Brooks

Today I write in my book  
Dear God I need a change  
I can't keep hiding  
Wishing the mirror was lying

Show me where do I look  
I know there must be a plan  
Though I can't see one  
I go through the motions anyway

Here I go again  
Walking down a road I've never known

I want to go where lovers meet  
I want to breathe the air they breathe  
I want to touch the dreams they dream  
When I find someone to love  
I want to go where lovers  
Where lovers meet

I know my faith is blind  
I'll take my chances  
I'm tired of just surviving  
I 'm not wasting any time

Just like tears in the rain  
No one can see  
Inside my heart is crying  
Telling me I can't lie any more

Here I go again  
Walking down a road I've never known

I want to go where lovers meet  
I want to breathe the air they breathe  
I want to touch the dreams they dream  
When I find someone to love  
I want to go where lovers meet  
Feel the wind beneath my feet  
Oh, I want to feel that complete  
When I find someone

I spent half my life  
Wasting my time  
I don't want to hear my heart beating alone  
Oh

I want to go  
I want to go where lovers meet
