

# Don't Seem Like We've Been Together All Our Lives

**Merle Haggard**

Since we first said I love you it's been twenty years tonight  
I moved by and love refused to go  
It seems like only yesterday or maybe just last summer  
Most of all a year or so ago.

Don't seem like we've been together all our lives  
Don't seem like we've been settled down since we got out of school  
I'd have thought we'd still love each other when twilight years arrive  
Don't seem like we've been together all our lives.

The baby came in April of 1964  
She'd look like me but still she favour you  
I can't believe the years have already come and gone  
Seem like everything we own is nearly new.

Don't seem like we've been together all our lives  
Don't seem like we've been settled down since we got out of school  
I'd have thought we'd still love each other when twilight years arrive  
Don't seem like we've been together all our lives.
