

## Five Days a Week

Merle Haggard

Five days a week, all week long  
I work my fingers to the bone  
And if I get laid off, another job I'll seek  
'Cause I'm a blue collard man  
Work all I can five days a week

Five days a week, eight hours a day  
And then the weekends mine and I can blow my mind or kneel and  
pray  
When I was just fifteen I had to earn my keep  
'Cause I'm a blue collard man  
Worked all I can five days a week

Five days a week, eight hours a day  
And then the weekends mine and I can blow my mind or kneel and  
pray  
For life ain't free you got to earn your keep  
If you're a blue collard man  
You work all you can five days a week
