

# I'm Always On A Mountain When I Fall

Merle Haggard

Most of my life I've almost been a winner  
I've come so close but never really won  
Just when I thought I finally made it  
I found myself back where I started from.

I hate to say I'm giving up but I believe  
Losin's just become a way of life for me  
Losin' wouldn't be so bad at all  
But I'm always on a mountain when I fall.

Then you came along and had me had me believing  
For once in my life my luck had finally changed  
And now you say you're gonna leave me  
Seems everything I do winds up the same.

I hate to say I'm giving up but I believe  
Losin's just become a way of life for me  
Losin' wouldn't be so bad at all  
But I'm always on a mountain when I fall.

Losin' wouldn't be so bad at all  
But I'm always on a mountain when I fall...
