So you come along with me my sweet sweet hon I'm an old man loo  
kin' for fun  
Yeah what I can do now most young men can't  
There's not a town this old boy can't paint  
I can make all the night clubs any old time I may be a little o  
ld but I'm doin' all right  
[ steel - guitar ]  
Well I'm not too old to cut the mustard anymore  
I can stilll get around like I did before  
So come along with me my sweet sweet hon I'm an old old man sea

Have someone along to help me spend my mon  
Cause you don't live but once so please understand  
That I'm an old old man tryin' to live while I can
