

# I'm Looking for My Mind

**Merle Haggard**

I lost my mind the day I lost your love  
I lost everything except the will to cry  
If you find me crawling back from time to time  
It's not you I want, I'm looking for my mind

'Cause I lost my mind the day I lost your love  
I'm not crazy but sometimes I wish I was  
If you turn around and find me crawling close behind  
It's not you I want, I'm looking for my mind

'Cause I lost my mind the day I lost your love  
I'm not crazy but sometimes I wish I was  
If you turn around and find me crawling close behind  
It's not you I want, I'm looking for my mind

It's not you I want, I'm looking for my mind
