

Is This The Beginning Of The End?

Merle Haggard

I just don't seem to know you anymore
You're only with me every now and then
And you don't kiss me like you did before
Is this the beginning of the end?

Is there a broken heart for me in store
While I'm holding you do you pretend
That I'm someone else you're longing for
Is this the beginning of the end?

There's a faraway look in your eyes
Am I losing you my heart cries
Hold me close and put my heart at ease
Whisper I love you once again
Just three words can make my heart believe
This is not the beginning of the end.

There's a faraway look in your eyes
Am I losing you my heart cries
Hold me close and put my heart at ease
Whisper I love you once again
Just three words can make my heart believe
This is not the beginning of the end...
