

## Leavin's Getting Harder

Merle Haggard

Leavin's getting harder all the time  
Staying home hangs heavy on my mind  
If I don't travel, I go make a dime  
And leavin's getting harder all the time

That old fishing pole looks better every day  
And this old curly head of hair is turing gray  
Just to want to be at home is not a crime  
And leavin's getting harder all the time

That old fishing pole looks better every day  
And this old curly head of hair is turing gray  
And to hate to be alone is not a crime  
And leavin's getting harder all the time  
I said leavin's getting harder all the time
