

More Than My Old Guitar

Merle Haggard

More than my old guitar
More than my old guitar
I love my old guitar like God loves the poor
But I love you e-ven more

You know there's love in our family
And not a lot of hate to ignore
And love is for music and guitar for loving
But I love you e-ven more

There'll be no need for saving
If you knew what the Lord had in store
What waits for after the mind can't imagine
But I love you e-ven more
