

# Sometimes I Dream

**Merle Haggard**

There's no magic way  
For me to get over you  
There's not much left to say  
And not a thing left to do

Seldom I laugh  
And seldom I ever cry  
But there's times I drink too much  
And there's times when I lie

Sometimes I hate myself  
And wish I could scream  
Sometimes I give up on love  
But sometimes I dream

Sometimes I dream  
Looking out through my window  
Speeding through the night  
In a long limousine

There's a curse on my heart  
And I'll never love again  
I'm forever a lonely man  
But sometimes I dream
