

Stingeree

Merle Haggard

Hey my baby got something she calls her stingeree
My baby got something she calls her stingeree
She really drives me crazy when she turned a do-loose on me
It's the truth.

Well, the boys tried to tell me they said they heard bout the way she was
I said the boys tried to tell me they heard bout the way she was
But it's not the way my baby treats me it's the thing my lovin' baby does.

Here's Roy Nichols now.

He knows that ole girl.

Now I walk from Dallas bearing the Wichita Falls
Yeah I walk from Dallas bearing the Wichita Falls
And if I could see my baby that won't be no walk at all.

Here comes now

My baby got something she calls her stingeree
My baby got something she calls her stingeree
She really drives me crazy when she turned a do-loose on me..
