

# The Downside

**Merle Haggard**

Yes I'm free to go somewhere and find somebody new  
Oh, but the downside is I'm still in love with you  
Yes it's true, you have the right to hurt me like you do  
Oh, but the downside is I'm still in love with you

Since we been apart there's been other girls I've known  
The downside is the other girls don't turn me on  
Yes I'm free to go somewhere and dance the whole night through  
The downside is I wanna dance with you  
Oh, but the downside is I'm still in love with you
