

(Think About A) Lullaby

Merle Haggard

Think about a lullaby
Baby, close your eyes
Don't cry
Think about a lullaby

Let me sing you off to sleep
Let Daddy pray your soul to keep
It's safe here with your Mom and I
Think about a lullaby

Think about a butterfly
Think about a lullaby
Think about a cloud in the sky
You can count your little sheep
But babe, you've got to go to sleep
But baby, please don't you cry
