

This Cold War With You

Merle Haggard

The sun goes down and leaves me sad and blue
The iron curtain falls on this cold war with you
'Cause you won't speak and I won't speak, it's true
Two stubborn people with a cold war to go through.

Why, oh why, should love ever come to couples, like you and me
Whose cold, cold wars are never done and whose hearts just can't be free
So let's make up or let's just say we're through
I just can't stand another cold, cold war with you.

Why, oh, why should love ever come to couples, like you and me
Whose cold, cold wars are never done and whose hearts just can't be free
So let's make up or let's just say we're through
I just can't stand another cold, cold war with you.

I just can't stand another cold, cold war with you...
