

## Garden In My Room

Merril Bainbridge

There's a garden in my room  
Would you like to take a look?  
There are fascinating things you'll find there

And if you dare to come inside  
There is nothing I will hide  
Come where there is sweet perfume  
In the garden in my room

There's a garden in my room  
Would you like to take a look?  
Rest your body on my velvet roses

Once you've tasted my delights  
Many days will turn to nights  
There is nothing you won't do  
For the garden in my room
