

Throw the towel in
Write the poison letter
Burn the place down
Let's make it better

Pour the fuel in
Make the carpet wetter
Burning paper-bin
Let's make it better

Tiny thumb-wheel
Slide across the metal
Little yellow box
Let's make it better

And if the wind blows
Then it's gone forever
Little firefly
I think we made it better

I think we made it better
Little firefly
I think we made it better
