

It's Gone

Mesh

I, I was always hiding
Never felt part of something
Always life was sliding
I, I was close to breaking
Self-obsessed and faking
You were never taking

But you don't know what it's like
Until you've lost it all

So don't tell me it's gone
Don't tell me we're wrong
We both make the same mistakes
Now we're throwing it all away
Don't tell me it's gone
Don't tell me we're wrong
We both make the same mistakes
But now we're throwing it all away

I, I got tired of breathing
Skin thick from healing
I got used to living
I, I lost hope and feeling
You stop from love from leaving
You stop things from breathing

But you don't know what it's like
Till you've lost it all

So don't tell me it's gone
Don't tell me we're wrong
We both make the same mistakes
And now we're throwing it all away
Don't tell me it's gone
Don't tell me we're wrong
We both make the same mistakes
But now we're throwing it all away

So don't tell me it's gone
Don't tell me we're wrong
We both make the same mistakes
And now we're throwing it all away
Don't tell me it's gone
Don't tell me we're wrong
We both make the same mistakes
And now we're throwing it all away

Don't tell me it's gone forever
Don't miss on our life together
Don't tell me it's part of life
To follow the lie

Don't tell me it's gone forever
Don't miss on our life together
Don't tell me it's part of life
To follow the lie
