

Open Up The Ground

Mesh

I can see how we came together
And I can see how we'll blow apart
I still know how to make you happy
I just don't know why I break your heart

I can't say we're alright
It's just some days we can't fight
I need you here
Let's open up the ground and disappear

Do we run if the road goes nowhere?
Do we push if there's no way out?
Should we breathe if our minds are lifeless?

Do we care how it all turns out?

I can't say we're wiped out
There's just no time to find out
I need you here
Let's open up the ground and disappear

We can't stop now

We don't know how any more

It's all or nothing and now's the time
There's too much that's yours and mine

Yours and mine
