## **Inside What's Within Behind**

Meshuggah

I can't run away from the thing in me I'm weakening down another now developing Within

I can feel it it's inside my head Connected to my brain this other me is Slowly taking over deep beneath the Eye that All can see energetic visions of the one I know myself to be

Look into my eyes don't listen to their lies

How can I stop this from being real No my life will be no longer what it always Used to be

Life neglected infected by strain I fall into the smothering the even Flow of Ravaging pain this my temple of selfcaged Contempt a body slowly pierced by Inevitable me

Do I differ from yourself am I like They say The truth eventually I'm the one you Wanna be Can you feel the same as I another inside Pushing to free itself from the chains Of the soul

Turn your eyes toward the inside Dig deep within I'm sure you'll find A different self a different soul To put you in peace with mind
