

# The Mouth Licking What You've Bled

Meshuggah

I'm the shallow, the superficial. I'm the common man. faithless  
, narrow minded, indifferent, impassive.  
A sycophantic leech. tantamount to disintegrity. I'm the vultur  
e feeding on malignancy.

I'm the sin, the lecherous sneering at prostration. I wallow in  
disease. I rejoice at degradation.  
I yawn at misery. Spit at others happiness. An advocate of mani  
pulation. I embrace the sickening.

I'm the lost. I'm average. I'm common. I'm infection. I'm human  
. I'm common  
A worm thriving in seas of disgust. I'm common. The mouth licki  
ng what you've bled. I'm common

I'm the pampered degenerate. I indulge my inclinations  
The only words to my attention are those that I my self create  
Disorder. Chaos.

I debar all order, repudiate all purity. Infatuated by contentm  
ent.  
I laugh at lies. Come behold the sickness in my common human ey  
es.

I'm the greed. The cynic. I'm the indifferent gaze.  
Mendacity, betrayal; this is not a phase  
Ebullient with human filth, here I am. Here I stay.  
Flourishing in our disgrace. Blessed be the human way.
