Forget You

What went on last night Was it just another stupid fight Will we be again Or will we both regret this in the end

Why can't I forget you and everything you do It's so hard to do Why can't I forget you and everything you do It's so hard to do

Consider me your friend Until you do that stupid shit again I believed all you told Then you left me hanging out so cold

Why can't I forget you and everything you do It's so hard to do Why can't I forget you and everything you do It's so hard to do

Why can't I forget you and everything you do It's so hard to do Why can't I forget you and everything you do It's so hard to do Why can't I forget you and everything you do It's so hard to do
