

# Jump The Gun

**Metal Church**

There's no other place to run, and nothing new under the sun  
Don't we hear the tolling of the bells  
I thought we got beyond all this, with marching and the angry f  
ist  
Still we stand up shouting what the hell

Like rats in a cage, with uncontrolled rage  
You lie to my face with a smile  
The message was lost and we pay the cost  
Of keeping your evil alive

Thy Kingdom come, you jumped the gun, you jumped the gun again  
Thy Kingdom come, you jumped the gun, you jumped the gun again

Don't tell me it's a peaceful faith, I see the devil in your fa  
ce  
While you're killing in the name of God  
Police yourselves is what I say, prove it or just go away  
Your bloody hands are all you really got

This living hell, sometimes it's hard to tell  
You've been deceived  
Don't you point that thing at me
