

# They Signed In Blood

Metal Church

We will not follow Rome  
The twisting of our faith  
With the hand of God  
You wrote the new light

The queen has decreed  
You must believe like me  
So it was written, so it shall be  
So it shall be

So the list was captured  
And it's time for us to die  
Following their orders  
To enforce the lie

Village by village  
And township by town  
Hung, drawn and quartered  
Some where slowly drowned

They signed in blood  
Proclaimed their faith  
They signed in blood  
And sealed their fate

'Cause if you're gonna die  
Die for what you believe in  
You know, there's more to this world  
Than meets the eye

The riders are coming  
The hoof beats are thumping  
The specter of death leads the way  
The queen has decreed  
The spiritual seed  
Will be crushed out this day

And those who have signed  
Be killed by the blind  
The soldiers who'll slay  
The names are above  
Still written in blood  
Are there to this day
