

Thane of Cowder

Metal Inquisitor

Down with a thunder
They came towards the lines
A man stood and wondered
Why they marched for miles

An army of brave men,
To catch the traitors heart
Beat him as they can,
Cutting down his head

Fear not, till Birnam wood
Do come to Dunsinane
Fates warning, endless blood,
The world were now undone

Avengers of the murdered king,
He feared cause he'd done the deed
Remember the first thing, thought while
Duncan bleed

"Will all great Neptune's ocean
Wash this blood
Clean from my hand?" - he wished he could

Fear not, till Birnam wood
Do come to Dunsiname
Fates warning, endless blood,
The world were now undone

His life was not threaten,
To one of woman born
Witch, her creation - turn,
Hell-hound, turn

The traitor was dying,
Macduff smiled and laughed
He was from his mother's womb -
Untimely ripped

Fear not, till Birnam wood
Do come to Dunsiname
Fates warning endless blood,
The world were now undone
